Great Experience

Great Experience, Superb Support, Excellent Knowledge, Understanding & Patience. Liam has supported and assisted our son Jakob in securing a soccer scholarship out in America.

Jakob has be showcased and his profile put forward to hundreds of universities. He has spoken to many universities across America, and Liam has always been there to help, guide and support Jakob at all times of the day and night. (This fella never stops working and looking after you.)

Many offers were made, Liam supported Jakob in his decision making, and having gone through the American Soccer Scholarship program himself could offer lots of advice, understanding and first hand experience.

He has helped us to fill paperwork out too.

All of this support offered to Jakob, provided him with a pathway into the US and playing football (or should I say soccer)at a high level.

If you have a child looking to study and play a sport out in America then I would highly recommend US Sports Scholarships, you are sure to get a very positive experience and all of the support you need and want.
